COMPANY OVERVIEW

Lohr's Handyman Services provides repair, installation, and accessibility solutions for residential, commercial, and government facilities. With over 16 years of experience supporting Veterans Affairs (VA) environments, the company specializes in handicap accessibility installations and general facility improvements delivered safely, on time, and to code.

RELEVANT COMMERCIAL EXPERIENCE

Accessibility Modifications & Equipment Installation

- Installed ramps, grab bars, lifts, and mobility equipment in residential settings
- Supported patient mobility and in-home safety needs

Outcome: Improved accessibility and independence for end users

Childcare Facility Renovation

- Repaired flood-damaged flooring, walls, and doors
- Completed full interior repaint and restoration

Outcome: Restored safe, functional facility operations

Elevator Lift Installation

- Modified structure and installed lift system

Outcome: Delivered compliant and functional accessibility solution

CORE COMPETENCIES

- Accessibility & Handicap Installations (ramps, grab bars, lifts)
